Department of Historical Studies
Report on 33nd Parents – Teachers Meeting

Parents-teachers meeting was held on 15.04.2024 at Cunnan Auditorium. All the Parents were informed before the meeting. A total of 15 History students' parents/guardians attended this meeting. The meeting started at 11.00 am and went on to noon. Almost all parents who attended the General presentation session for overall progression, came and met the class coordinator to discuss their ward's progression. Most of the parents asked about their ward's progress in studies and how they can improve their skills. Parents enquired about their wards concerning the education and discipline in the class. They also keenly investigated the wards' semester results.

From the class coordinator's side, Parents were instructed to encourage students to avoid usage of mobile phones, to maintain attendance of students. Parents requested the department to conduct more programs on the lines of competitive examinations and employability skills enhancement. They also insisted on educational tours which help students to understand historical events in a better way.

Feedback forms were distributed to all the parents. Parents were asked to fill up the forms and encouragement was given to register their recommendations, grievances, and comments about their wards. It was a pleasant interaction between the teachers and the parents for the development of their wards, where they discussed the aspects which could contribute to the holistic development of their wards.

Report on parent Teachers Meeting held on 15.4.24

At the Cunnan Auditorium, a parent-teachers meeting took place on 15.4.24 at 10.30 a.m. Welcome address given by Dr.S.Veeramani. Principal Madam briefly describes the college activities in a centralized session, followed by feedback from the parents.

In the decentralized session parents meet the Department Staff to discuss student's educational experiences and see the progress of the students in their tests and attendance and general behavior. Around 42 parents met the department staff.

All parents show curiosity to examine their children's attendance during the meeting, as well as their grades on the class test and the revision test. Some ward's parents are illiterate; therefore they ask the staff to give additional assistance and support to boost their children's performance in the forthcoming class test and university exam.

Many parents do not know the leave taken by their wards; therefore they ask the college for a notice informing them of their children's absence on the same day itself. Parents requested that the professors hold two evaluations meetings at the beginning and midway of the semester.

To the utmost satisfaction of the parents, teachers gently and clearly addressed their questions and advised them to visit the department periodically to observe the pupils' progress.

Dear Madam,

Sub: Report on the Parent-Teacher Meet held on the 15th of April 2024.

The Parent-Teacher Meet was held on the 15th of April 2024 (Monday). The general meeting for all parents held in the Cunnam Auditorium which lasted around one and a half hours. This included the presentation by the Principal on the facilities provided in the college and the support given to the students. The observations, comments and suggestions of the parents are listed below:

- The parents are very happy that their wards are studying in an aided college which charges government mandated fee.
- They also appreciated the fact that the management has provided the students with free lunch (under the Dharmamurthi Nutritious Meal Scheme).
- The parents wanted the departments to give support to the students for entrance examinations like the TNPSC (Tamilnadu Public Service Commission). The Competitive Examination Cell is functioning actively in our institution and ensures that those students who aspire to sit for such examinations are provided adequate coaching.
- The provision of a water cooler and heater for drinking water and a roofed walkway for the students was welcomed by the parents.
- The functioning of the canteen was also appreciated. The fact that all items are nominally priced and thus are made affordable to the students got a special mention from the parents.

- The parents commented that the new feedback form was an improvement since they could express their opinion on a range of issues.
- Overall the parents felt that they felt safe sending their children to a secure and scholarly environment like the one available in our institution.
- There was a general feeling that the toilets could be maintained better. Efforts are being made by the administration towards this goal.

Thanking you

Yours Sincerely

R.Balasubramanian
