Sir,

Sub: Dharmamurthi Rao Bahadur Calavala Cunnan Chetty's Hindu College (Shift-2) -  
Laying rain water harvesting at various places of campus - Request - Reg.

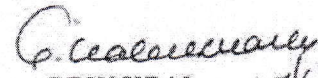

\*\*\*\*\*

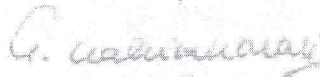

We write to inform that based on our discussion with your goodself, the flow of  
water from the backside of campus to the front side of the campus can be arrested by laying  
rain water harvesting at various points to percolate water into the ground. The rain water  
harvesting facilities increase the water level in the campus.

In this connection, we request you goodself to consider the said proposal.

Thanking you,
